

# ECONOFROST 9-SERIES RETRO-FIT CASSETTE SPARE PARTS LIST

## 2008/2009

The 9-series cassette unit is identified by a aluminum cassette housing enclosed on two sides by square End-caps.

The unit uses a hex key spring that can be accessed and retensioned through the left hand side mounting bracket.

The UL94HB woven aluminum fabric is machine crimped to the spindle.

The aluminum bottom profile rail design allows for clip-on features like the Easy Grip Handle and secure snap magnet fasteners.

### PART DESCRIPTION

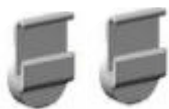

Two-piece End Cap for Cassette (Size 2- 5/32"x 2-5/32")

1 unit - Ref# 30521  
Package of 4 - Ref # 30521-4

Clip-on Easy Grip Slim-Line Handle

1 unit - Ref# 30503  
Package of 5 - Ref# 30503-5

Clip-on Secure Snap Magnet Fasteners

1 unit - Ref# 30502  
Package of 6 - Ref#30502-6

Clip-on Hook for Horizontal Cases

1 unit - Ref# 30530  
Package of 4 - Ref# 30530-4

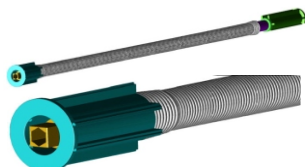

Bottom Profile Rail End-caps

1 set - Ref# 30528  
Set of 6 - Ref# 30528-6

Hook for Handle (includes mounting screws)

1 unit - Ref# 30509  
Package of 6 - Ref# 30509-6

Spring Assembly

Ref# 30514AK
