

ECONOFROST

Magnet Cassette Night Cover

Introducing the innovative new retractable refrigeration night cover by Econofrost, the 4000 Series Retrofit Magnet Cassette. This design was developed based on customer requests for quick installation on refrigerated display cases using Magnet fasteners. Covering the multi-deck displays increases energy-savings and safeguards fresh foods from warm air, radiation, dust, and insects during closed or slow hours.

The Magnet Cassette is easy to install and boasts the unique feature of being removable when needed. With all the quality features of Econofrost night covers, it ensures product integrity, lowers utility bills, and improves energy efficiency. It can also be installed with screws to be fixed in place like other Econofrost night cover models.

Available in standard and custom sizes, it's the ultimate solution for supermarkets, food service operators and specialty food stores seeking optimal performance and savings with open refrigerated food display cabinet cases.

Included
